

August 6, 2018

Dear Past and Present Soccer Families,

Thank you so much for your past support of The Leelanau Soccer Club and local schools soccer programs.

We are writing today to ask for your financial help for our soccer field capital campaign. "Friends of Herman Park (501c3) and Leelanau County Soccer Club are collaborating to build a quality soccer field on 3 ½ acres at Herman Park. These new fields would allow our growing soccer programs to expand and flourish. Many of you know or remember trying to get to multiple fields on a Saturday morning puts burdens on our soccer families, coaches and referees. We all know we lack good quality fields on the eastside of Leelanau County. The shortage of fields requires games to be staggered or scheduled at different places and times.

These new high-quality fields will support the goals of Suttons Bay Township and The Leelanau Soccer Club and support our soccer community. The new Herman Park fields would allow the youth organization to grow and partner with other soccer clubs in our area. These new fields would provide a much needed facility to host soccer tournaments and events for both youth, high school and adult programs.

The Soccer Field Capital Campaign goal is to raise \$150,000. These funds will be used to develop safe soccer fields at Herman Park in Suttons Bay. The goal includes electrical service, drinking water, irrigation, equipment house and bleachers. The fields will be stripped of existing weeds and grasses, new topsoil will be added, and the fields will be leveled and crowned for proper drainage. Our goal is to be ready to play for 2019.

Thank you for helping us "score a goal"!
