

## HERMAN PARK DOG PARK

The Suttons Bay Township community came together in 2023 to build the Township's first Dog Park! Private donations from families in our community along with local businesses donated and sponsored amenities to make this place possible.

The park has two separate fenced-in areas for play: one for smaller dogs and one for large dogs. There is no cost to enjoy the parks, we only ask that you clean-up after your pet (waste supplies provided), follow our small list of rules and ensure your 4-legged friend uses their best behavior so everyone can have a positive experience. We have a single-serve, safe water fountain available for dog use.

It is a privilege that the Suttons Bay Township Board of Trustees donated this land for our long-awaited park. Let's treat it with the care it deserves and remember it is maintained by an all-volunteer crew! If you would like to donate or volunteer, please send an email to the Suttons Bay Dog Park Ambassador group:
